# The Barbaric Bill Has NOT Defeated Us!

On Independence Day this year, Trump passed what some are calling a “Big Barbaric Bill” that stripped America of its freedoms – effectively allowing Trump to do anything he wants.

While some will get discouraged, we *won’t*. We take it as a call to action. After all –

**The American Revolution was sparked by a catastrophic loss in court.**

In 1761, Rising lawyer, James Otis, failed to convince the court that a warrant should be required for soldiers to search people's homes. He lost. What followed was a Revolution that changed the world forever.

Likewise –

**Let the barbaric bill ignite our own revolution. Our fight for liberty, democracy, and human rights.**
